

**Pocket roars past milestone: Members' garages track half-a-billion in luxury vehicles valued at \$514.3 Million**

**OREM (March 14, 2023)** – Pocket proudly announces a significant milestone: the total value of vehicles stored in members' private garages through the Pocket platform now surpasses a staggering half a billion dollars, with a remarkable \$514.3 million of vehicles tracked.

"We are thrilled to witness this extraordinary growth and achievement within the Pocket community," exclaimed Jeremy Crane, CEO and Co-Founder of Pocket. "Surpassing the \$500 million mark demonstrates the trust and confidence our members place in us, as we continue to innovate and redefine the luxury automotive sales landscape."

With this milestone, Pocket solidifies its position as the premier destination for sales pros, auctioneers, enthusiasts and collectors seeking unparalleled vehicle tracking and sales technology.

**ABOUT POCKET:**

Pocket was co-founded by Jeremy Crane and Phil Wilson with the shared vision of redefining the landscape of premium automotive technology and services for the luxury automotive sales market. They believe that over the next decade, how luxury vehicles are purchased and sold will drastically change, so they are building the tools, infrastructure, and marketplace for this future.
